**Their enquiry is:**

Dear Andrew Just a quick word of thanks for your teams efforts in selling my home, As you know I was with another agent for 12 weeks and only had 12-15 viewings in that time, when you listed my home I had at least twenty in the first week resulting in the sale of my home within the first 10 days. I know James worked particularly hard in securing the purchasers and my thanks also go to him. Throughout the very short time that we were involved with you, your business certainly showed unrivalled professionalism and gave us the confidence that you were very much acting on behalf of us and not the purchaser. Your fee whilst slightly higher than the original agent was certainly value for money and I would have no hesitation in using Louis carr again or recommending you to friends. Good luck and once again thankyou to you and your team for a great job Andy Nelson
